

Changes in Washington State Law

If approved by the voters, the laws in Washington State will change to legalize brothels in all counties of Washington State. The counties may vote to not allow brothels in their county. The brothels will only be allowed in the outskirts of the county's in towns with less than 20,000 people, and will also be allowed on Indian reservations.

Changes in Washington State RCW's

RCW 9A.88.030 – Shall include the words “except in brothels.”

RCW 9A.88.080 – Shall include the words “except in brothels.”

Insert Nevada NRC 201 – To be put in place in the RCW codes of Washington State.

I'd like to include the NRC 201 from the Nevada State Codes into Washington State RCW's so that Nevada State Laws regarding brothels will become Washington State RCW's. So we end up with Nevada type brothels in Washington State.
