GENERAL RECORDS RETENTION SCHEDULE FOR SCHOOL DISTRICTS AND EDUCATIONAL SERVICE DISTRICTS

The following general records retention schedule sets minimum retention requirements and provides school districts and educational service districts with blanket authority for the disposition of commonly held records according to the provisions of RCW 40.14.070 and WAC 434-635-050. The signatures of the Local Records Committee signify approval of the disposition of these records. Each records series is assigned a Disposition Authority Number (DAN). These numbers should be cited in the documentation the district maintains for the records it destroys (see Documenting Records Destruction, <http://www.secstate.wa.gov/archives/doc/RecordsManagementGuidelines.doc> - page 13).

You may retain records longer than the retention period approved by the Local Records Committee. However, most records are subject to public disclosure and legal discovery until they are disposed of. Any record that is or may be required in an active or pending court case must be retained and made available until the case is closed or settled, regardless of the retention period pertaining to that record.

Some records may be subject to federal audit requirements, or are governed by federal statute(s). In all cases, federal law supersedes state statutes and local ordinances. Citations have been added to the instructions column for some of these series.

Several retention periods in this schedule include the statement "[after completion of audit](#)." In some cases, it is difficult to determine if an audit pertaining to that record has been completed. Before commencing disposition of those specific records, contact your fiscal/financial office for guidance in determining if the audit has been completed.

When using this schedule, records officers/coordinators should determine whether they are dealing with the official/primary record or just a secondary copy. These schedules are written with general titles and descriptions rather than identifying specific individual documents or forms. A record whose content and function are substantially the same as an item described in this schedule should be considered covered by that series.

Keep in mind that you will not necessarily have all records listed in this schedule and that you are not required to create all of the series listed. This manual includes all possible records series that may be maintained by school districts and educational service districts.

General records retention schedule listings for some records series include special designations and disposition instructions, including:

Official Public Records (OPR) - are those records identified and required by RCW 40.14.010(1) that have significant legal or fiscal value.

Office Files and Memoranda (OFM) - are those records that have only administrative value per RCW 40.14.010(2).

Archival and Potential Archival Value - The Archival designation identifies records series that must be transferred to your Regional Archivist at the end of their approved retention periods. The Potential Archival Value designation identifies records that have potential historical research value. These records must be appraised by the Regional Archives system for transfer for appropriate preservation and storage. Contact your Regional Archivist to arrange for appraisal and transfer of these records.

Essential Record - This designation identifies records that are, in the event of disaster, essential for the resumption and/or continuation of agency operations. They recreate the legal and financial status of the agency. These records fulfill the obligations to local, state, and federal governments, and outside interests.

Records Category: ELECTRONIC INFORMATION - GENERAL

DATA AND INPUT DOCUMENTATION

DATABASE AND SPREADSHEET DATA
FINDING AIDS AND INDEXES (USER WORKING COPY)
INPUT DOCUMENTS
WORD PROCESSING FILES

Primary record copies of completed drafts and documents should be filed with the appropriate records series and retained in hard copy or electronic form according to the minimum retention periods approved by the Local Records Committee for those records series.
 User and other secondary copies should be destroyed when obsolete or superseded. The appropriate Disposition Authority Number (DAN) should be referenced when documenting the disposal of public record information regardless of the medium or format in which it is stored.

ELECTRONIC MAIL

Electronic mail (E-mail) is primarily a communication system. Individual E-mail messages may be public records with legally mandated retention requirements, or may be information with no retention value. E-mail messages are public records when they are created or received in the transaction of public business and retained as evidence of official policies, actions, decisions, or transactions. Such messages must be identified, filed, and retained just like records in other format.

Currently few E-mail systems are designed to categorize and retain information. E-mail messages with public record content should be retained in E-mail format only as long as they are being worked on or distributed. Upon completion, E-mail messages containing public record information should be printed out or transferred to an electronic document management system, filed with the appropriate records series, and retained for the minimum retention period assigned by the Local Government General Records Retention Schedule or a records retention schedule approved specifically for the agency by the Local Records Committee.

E-MAIL MESSAGES WHICH ARE USUALLY PUBLIC RECORDS AND MUST MEET RECORDS RETENTION REQUIREMENTS BEFORE BEING DESTROYED:

- Policy and Procedure Directives
- Correspondence or memoranda related to official public business
- Agendas and minutes of meetings
- Documents relating to legal or audit issues
- Messages which document agency actions, decisions, operations and responsibilities
- Documents that initiate, authorize or complete a business transaction
- Drafts of documents that are circulated for comment or approval
- Final reports or recommendations
- Appointment calendars
- E-mail distribution lists
- Routine information requests
- Other messages sent or received that relate to the transaction of local government business

E-MAIL MESSAGES WHICH ARE USUALLY ADMINISTRATIVE MATERIALS WITH NO RETENTION VALUE:

- Information-only copies, or extracts of documents distributed for reference or convenience, such as announcements or bulletins
- Phone message slips that do not contain information that may constitute a public record
- Copies of published materials
- Informational copies
- Preliminary drafts
- Routing slips
- Transmittals (Letters/memos)

- (b) The educational agency or institution, or SEA or its component, shall comply with a request for access to records within a reasonable period of time, but not more than 45 days after it has received the request.
- (c) The educational agency or institution, or SEA or its component, shall respond to reasonable requests for explanations and interpretations of the records.
- (d) If circumstances effectively prevent the parent or eligible student from exercising the right to inspect and review the student's education records, the educational agency or institution, or SEA or its component, shall:
 - (1) Provide the parent or eligible student with a copy of the records requested; or
 - (2) Make other arrangements for the parent or eligible student to inspect and review the requested records.
- (e) The educational agency or institution, or SEA or its component, shall not destroy any education records if there is an outstanding request to inspect and review the records under this section.

(Authority: 20 U.S.C. 1232g(a)(1)(A) and (B))

99.11 May an educational agency or institution charge a fee for copies of education records?

- (b) An educational agency or institution may not charge a fee to search for or to retrieve the education records of a student.
(Authority: 20 U.S.C. 1232g(a)(1))

99.12 What limitations exist on the right to inspect and review records?

- (a) If the education records of a student contain information on more than one student, the parent or eligible student may inspect and review or be informed of only the specific information about that student.

 - (1) Financial records, including any information those records contain, of his or her parents;
 - (2) Confidential letters and confidential statements of recommendation placed in the education records of the student before January 1, 1975, as long as the statements are used only for the purposes for which they were specifically intended; and
 - (3) Confidential letters and confidential statements of recommendation placed in the student's education records after January 1, 1975, if:
 - (i) The student has waived his or her right to inspect and review those letters and statements; and

 - (A) Admission to an educational institution;
 - (B) Application for employment; or
 - (C) Receipt of an honor or honorary recognition.
- (c) (1) A waiver under paragraph (b)(3)(i) of this section is valid only if:
 - (i) The educational agency or institution does not require the waiver as a condition for admission to or receipt of a service or benefit from the agency or institution; and
 - (ii) The waiver is made in writing and signed by the student, regardless of age.
- (2) If a student has waived his or her rights under paragraph (b)(3)(i) of this section, the educational institution shall:
 - (i) Give the student, on request, the names of the individuals who provided the letters and statements of recommendation; and
 - (ii) Use the letters and statements of recommendation only for the purpose for which they were intended.
- (3) (i) A waiver under paragraph (b)(3)(i) of this section may be revoked with respect to any actions occurring after the revocation.

- Amend the records accordingly; and
 - Inform the parent or eligible student of the amendment in writing.
- (2) If, as a result of the hearing, the educational agency or institution decides that the information in the education records is not inaccurate, misleading, or otherwise in violation of the privacy rights of the student, it shall inform the parent or eligible student of the right to place a statement in the record commenting on the contested information in the record or stating why he or she disagrees with the decision of the agency or institution, or both.
